Introduction

Permissions Manager is a new functionality that makes it simpler and easier to manage user permissions for Mayo Clinic Laboratories across all your registered sites.

Select users at your site, called Client Administrators (CAs), manage these permissions across all sites to which the CAs have access. The Permissions Manager functionality gives CAs the flexibility to update permissions and make them effective immediately for any registered staff member, expediting user access and ultimately giving you a better overall client experience.

CAs can use Permissions Manager to:

- Add users to an account they have access to.
- Add or remove permissions, managing access to features for their users.
- Remove users from that account.

Permissions Manager now includes inactive accounts. Inactive accounts are generally no longer used for orders and results, but they may remain accessible for billing purposes to enable access to invoices.

Access

To receive CA access to Permissions Manager, work with your Regional Service Representative, Regional Service Specialist, or Lab Resource Coordinator; or contact [Customer Service](#).

Note: Acceptable browsers include Chrome, Edge, Firefox, and Safari.

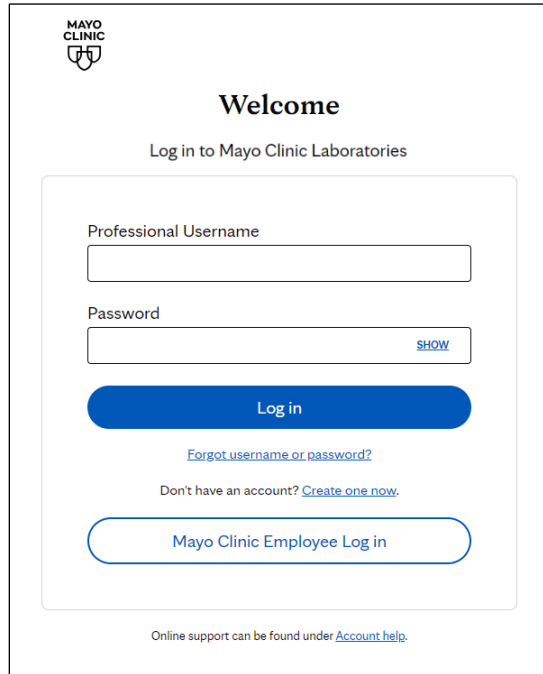

Logging into Permissions Manager

To access Permissions Manager once you have been granted CA access:

1. On [MayoClinicLabs.com](https://www.mayocliniclabs.com), at top right, click **My Dashboard**.

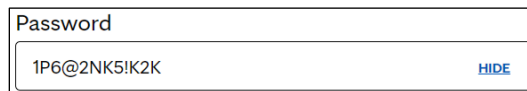

If you have not already logged in, the login window appears.

The image shows a web login interface for Mayo Clinic Laboratories. At the top left is the Mayo Clinic logo. The heading "Welcome" is centered, followed by the text "Log in to Mayo Clinic Laboratories". Below this is a white rounded rectangle containing the login fields. There is a "Professional Username" label above a text input field. Below that is a "Password" label above another text input field, which has a blue "SHOW" link at its right end. A blue "Log in" button is positioned below the password field. Under the button are two links: "Forgot username or password?" and "Don't have an account? Create one now.". At the bottom of the white box is a blue-outlined button labeled "Mayo Clinic Employee Log in". Below the white box, at the bottom of the main container, is a small link: "Online support can be found under Account help."

2. Enter your **Professional Username** (email address) and **Password**.

Notes:

- Passwords are case sensitive.
- To help ensure you type your password correctly, you can click the **SHOW** link at the right end of the **Password** field. Your password becomes fully visible, and the link text changes to **HIDE**.

This image shows a close-up of the password input field. The label "Password" is at the top left. The input field contains the text "1P6@2NK5!K2K". To the right of the input field is a blue "HIDE" link.

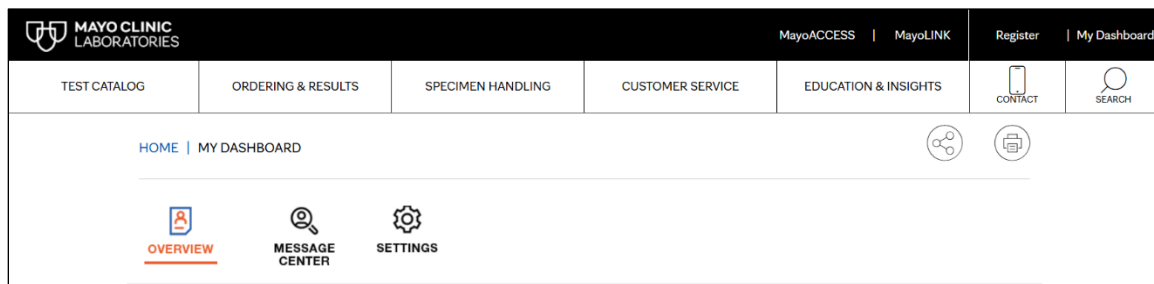

To hide your password again, click the **HIDE** link. Your password is represented again by a series of dots, and the link text reverts to **SHOW**.

This image shows the password input field after clicking the "HIDE" link. The label "Password" is at the top left. The input field now contains a series of dots ".....". To the right of the input field is a blue "SHOW" link.

3. Click the **Log in** button.

This image shows a blue button with the text "Log in" in white.

Your **Dashboard** appears.

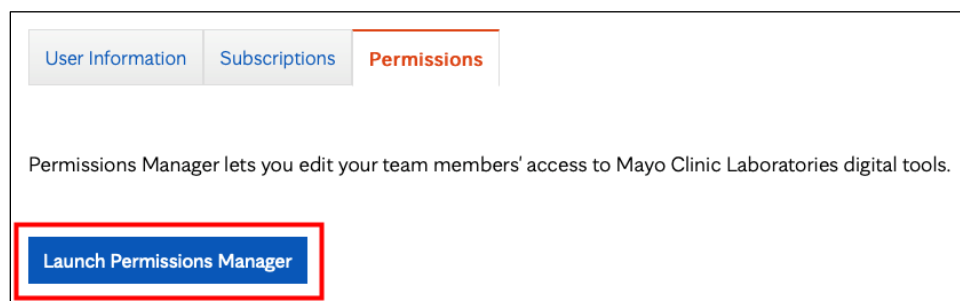

4. Click the **SETTINGS** icon (right).

The **SETTINGS** landing page appears, with the **User Information** tab selected by default.

5. Click the **Permissions** tab.

6. Click the **Launch Permissions Manager** button.

Selecting accounts

In Permissions Manager, you can make changes for only one Mayo Clinic Laboratories account at a time.

First login

If this is your first time logging in to Permissions Manager and you have multiple accounts, you will be asked to select one account only.

If you have access to multiple accounts:

1. Do one of the following:
 - Click the **Account Number** drop-down arrow.

A list of accounts to which you have access appears, specifying both the account numbers and names. Inactive accounts are in *italics*, and the word **INACTIVE** appears to the right of the name.

Select the desired account.

Once an account is selected, its name and number appear in the **Account Number** field.

7. In the **Account Number** field, begin to type any part of either an account number or name, and then select it from the autopopulated list below.

A search bar with '0995' entered. Below it, a dropdown list shows '0995 - S' followed by a blurred account name and the number '3'.

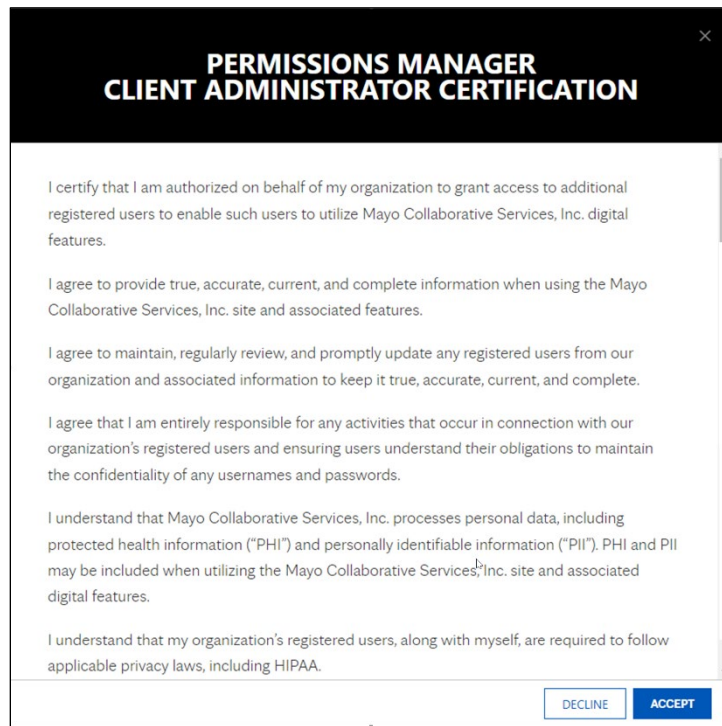

A search bar with 'Locat' entered. Below it, a dropdown list shows two options: '7 - 4 - S' followed by a blurred account name and 'Location 2', and '7 - 5 - S' followed by a blurred account name and 'Location 3'.

Once you have selected the desired account, click on the screen anywhere outside of the **Account Number** field.

The full **PERMISSIONS** landing page appears. (If you have access to only one account, it appears as soon as you log in.)

The PERMISSIONS landing page features a header with 'HOME | MY DASHBOARD' and a help icon. The main title is 'PERMISSIONS'. Below it are two tabs: 'BY ACCOUNT' (selected) and 'BY USER'. The 'Account Number' field shows '7 - 2 - S' followed by a blurred account name. A status indicator shows 'ACCOUNT' as 'Active'. Action buttons include 'EDIT', 'ADD REGISTERED USER', and 'REGISTER NEW USER'. A 'STATUS KEY' explains icons: a green person for 'Signed on within 90 days', a red person for 'No sign on within 90 days', and a yellow exclamation mark for 'Incomplete registration'. A toggle switch for 'Only Display Active Users' is present. 'Export to Excel' and 'Export to PDF' buttons are on the right. The main table has columns for 'Name', 'Contact', and 'Permissions'. The first row has a checkbox, a search bar, and a dropdown set to 'Any'. Subsequent rows list users with their status icons, names, contact information, and permissions (e.g., 'Activity Metrics - Access, Email Notifications Results - View, Invoi...', 'Message Center Access, Message Center Account Preferences, Te...'). Each row includes a 'REMOVE' link.

On your first login to Permissions Manager, the first time you attempt to save changes you have made, the following disclaimer pop-up appears, displaying the terms and conditions of use.

A black-bordered pop-up window titled "PERMISSIONS MANAGER CLIENT ADMINISTRATOR CERTIFICATION". It contains several paragraphs of text regarding authorization, information accuracy, confidentiality, and privacy laws (HIPAA). At the bottom right, there are two buttons: "DECLINE" and "ACCEPT".

**PERMISSIONS MANAGER
CLIENT ADMINISTRATOR CERTIFICATION**

I certify that I am authorized on behalf of my organization to grant access to additional registered users to enable such users to utilize Mayo Collaborative Services, Inc. digital features.

I agree to provide true, accurate, current, and complete information when using the Mayo Collaborative Services, Inc. site and associated features.

I agree to maintain, regularly review, and promptly update any registered users from our organization and associated information to keep it true, accurate, current, and complete.

I agree that I am entirely responsible for any activities that occur in connection with our organization's registered users and ensuring users understand their obligations to maintain the confidentiality of any usernames and passwords.

I understand that Mayo Collaborative Services, Inc. processes personal data, including protected health information ("PHI") and personally identifiable information ("PII"). PHI and PII may be included when utilizing the Mayo Collaborative Services, Inc. site and associated digital features.

I understand that my organization's registered users, along with myself, are required to follow applicable privacy laws, including HIPAA.

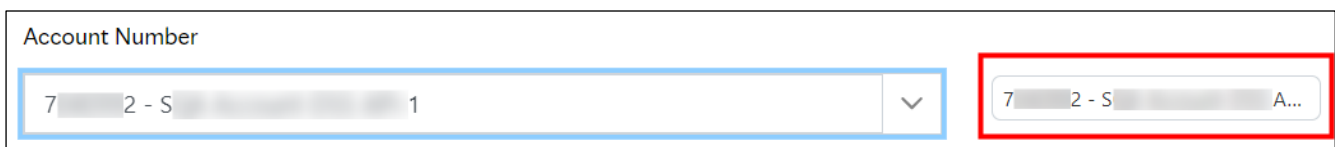

DECLINE ACCEPT

Click the **ACCEPT** button.

Notes:

- If you do not click the **ACCEPT** button, you will be unable to save your changes.
- Once you click the button, you are signed up to receive an email twice a year reminding you to keep your users' permissions current.
- You will receive an email notification biannually reminding you to keep permissions current in the Permissions Manager application.

To the right of the **Account Number** field, a rectangular tile for the selected account appears, displaying the number and as much of the name as possible, followed by an ellipsis (...) if the name is long.

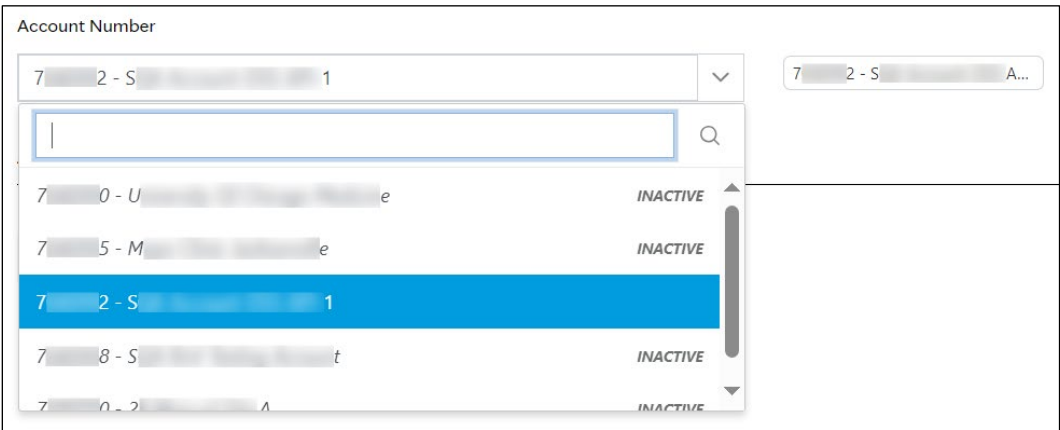

The "Account Number" field is a dropdown menu showing "7 2 - S 1". To its right is a rectangular tile with a red border, displaying "7 2 - S A..." followed by an ellipsis.

 **Tip:** Hover over the account tile, which will turn **blue**, to bring up a tooltip displaying the complete account name and number (right).

To change your account selection, select a different account in the **Account Number** drop-down menu.

Subsequent login

If this is not your first time logging in to Permissions Manager, the **Account Number** field displays the account that was selected when you logged out of your last session.

Account and user Login Status

Permissions Manager now displays each user’s **Login Status**. This can help you find and remove users who are no longer working in the selected account, find those who may be locked out of [MayoClinicLabs.com](https://www.mayocliniclabs.com) due to inactivity, and identify those who have not finished registering on the website.

At top left of the landing page, to the right of the word **ACCOUNT**, Permissions Manager indicates whether the account is **Active** (below, left) or **Inactive** (below, right).

<input type="checkbox"/>		updatesonly, ordersplatformfbionly
<input type="checkbox"/>		updateEmailone, Ordersplatform
<input type="checkbox"/>		uionly, ordersplatformfbionly
<input type="checkbox"/>		Transactional1, Orders
<input type="checkbox"/>		Testing (QA) Commercial

In the User List, the second column displays icons indicating each user’s **Login Status** in Permissions Manager (left).

At top right of the User List, the **STATUS KEY** provides brief definitions of the three user statuses (right). The table below expands on these definitions and provides resolutions where needed.

STATUS KEY

-  Signed on within 90 days
-  No sign on within 90 days
-  Incomplete registration

Icon	Login Status	Details
	Signed on within 90 days	The user is currently active in Permissions Manager.
	No sign on within 90 days	The user has not recently logged on and may be having trouble logging in. If they no longer need access to this account, you can remove the user's association with it. See Removing a user from an account . If the user still needs to login, the login screen on MayoClinicLabs.com will direct them in resetting their password.
	Incomplete Registration	<p>This user has been sent an invitation email but has not completed the registration process and logged in to MayoClinicLabs.com. They should check their email account for their welcome email with the subject header "Mayo Clinic Laboratories Access is Approved," and then click the link in the body of the email to login and complete their registration.</p> <div data-bbox="623 1014 1321 1730" style="border: 1px solid black; padding: 10px; margin: 10px 0;"> <p>[EXTERNAL] Fwd: Mayo Clinic Laboratories Access is Approved MML Testing <mmlwebtest@gmail.com></p> <div style="text-align: center;">  MAYO CLINIC LABORATORIES </div> <p>**DO NOT REPLY DIRECTLY TO THIS EMAIL**</p> <p>You have taken the first steps in registering for the Mayo Clinic Laboratories website and establishing a business relationship with us.</p> <p>To complete the process, click the following link or copy and paste it into your browser:</p> <p>https://signup.mayoclinic.org/invite/?applicationID=[redacted]</p> <p>If you need further assistance, please contact Customer Service.</p> <p>Thank you,</p> <p>Mayo Clinic Laboratories</p> <p><small>This message was sent as an automatic response to your recent activity with Mayo Clinic. Please do not respond to this message as it was sent from an unmonitored email address that cannot accept replies.</small></p> <p><small>© 2023 Mayo Foundation for Medical Education and Research. All rights reserved.</small></p> </div>

Hover over an icon to bring up a tooltip with more information on the user's status (right).

☐

update
 Days since last login: 78

Clicking the down-arrow  to the right of the **Permissions** column expands the table row to display the user's phone number in the **Contact** column, as well as any information that does not fit on the row when it is collapsed.

<input type="checkbox"/>			Email:  Work: +1- 	Email Notifications Results - View: Last Accessed Date 7/12/2024 Message Center Access: Last Accessed Date 6/29/2024 Message Center Account Preferences Notification Rules Access: Last Accessed Date 6/12/2024 Permissions - Client Administrator Access: Last Accessed Date 9/12/2024	 REMOVE
--------------------------	---	---	---	---	---

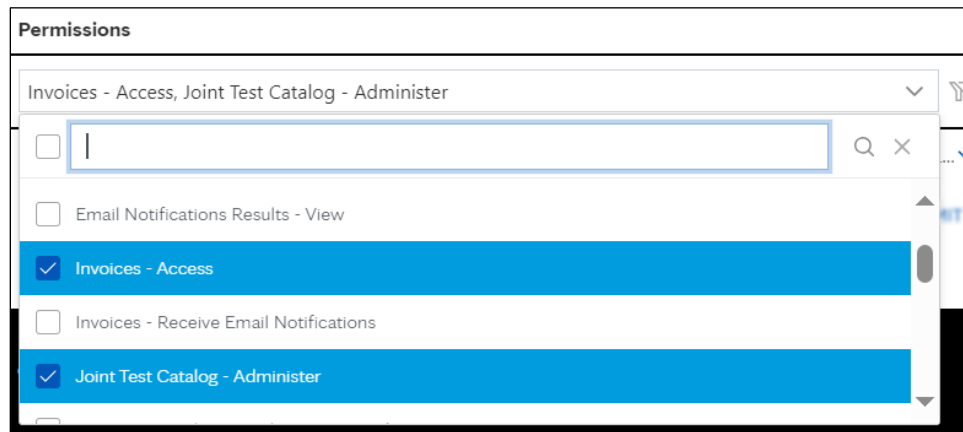

Note: Last Accessed Date information does not appear in the **Permissions** column for users who have not logged in since before 9/12/2024.

Enter search terms into the free-text search fields over the **Name** and **Contact** columns to narrow down the User List by those parameters.

You can also use the **Permissions** column drop-down menu to filter that column by the permission(s) whose check boxes you select.

Note: The **Permissions** filter displays only those permissions that have already been granted to users included in the User List.

To clear all check boxes, click the **Clear Filter** icon  at upper right of the drop-down menu.

If you need help resolving login issues, contact [Customer Service](#).

Adding a user

In Permissions Manager, you can add a user to an account on either of the tabs: **BY ACCOUNT**, which is the default, or **BY USER**. On the **BY ACCOUNT** tab, you can add either a registered or an unregistered user.

Important: It is not recommended that you add permissions to inactive accounts. You can edit permissions in inactive accounts to provide access to invoices or older data. You can also remove unused permissions. However, adding access to other features in inactive accounts is not recommended.

Adding a registered user to an account from the BY ACCOUNT tab

To add a registered user to the selected account(s) from the **BY ACCOUNT** tab:

1. Click the **ADD REGISTERED USER** button. 

A screenshot of the account management interface. At the top, there is a section labeled 'Account Number' with a dropdown menu showing '7 5 - S' and a '3' at the end. Below this, there is a section labeled 'ACCOUNT' with a green 'Active' button. At the bottom, there are three buttons: 'EDIT', 'ADD REGISTERED USER' (highlighted with a red border), and 'REGISTER NEW USER'.

The **ADD REGISTERED USER TO ACCOUNT** dialog box appears.

2. In the search field, begin to enter the name or email address of the desired user.

Note: The user must be registered on [MayoClinicLabs.com](https://www.mayocliniclabs.com) and associated with an account you administer.

As soon as two characters are entered, Permissions Manager begins a predictive search and returns a list of results.

Note: If you enter a string of characters that can be found in only one user's name or email address, Permissions Manager brings that user up without requiring any selections.

3. Select the desired user's name.
4. At bottom right, click the **SUBMIT** button. (To cancel the addition of the new user, click the **Cancel** button.)

The new user is added to the User List on the **PERMISSIONS** landing page. To grant the user permissions, see [Editing existing users' permissions](#) below.

Note: Permissions are not automatically added when new users are added to an account. The CA must grant each new user the appropriate permissions.

You are returned to the **PERMISSIONS** landing page.
The **User(s) added successfully** pop-up (right) appears at top right.

Adding an unregistered user to an account from the BY ACCOUNT tab

To add an unregistered user to the selected account(s) from the **BY ACCOUNT** tab:

1. Click the **REGISTER NEW USER** button. 

The **REGISTER NEW USER TO ACCOUNT** dialog box appears.

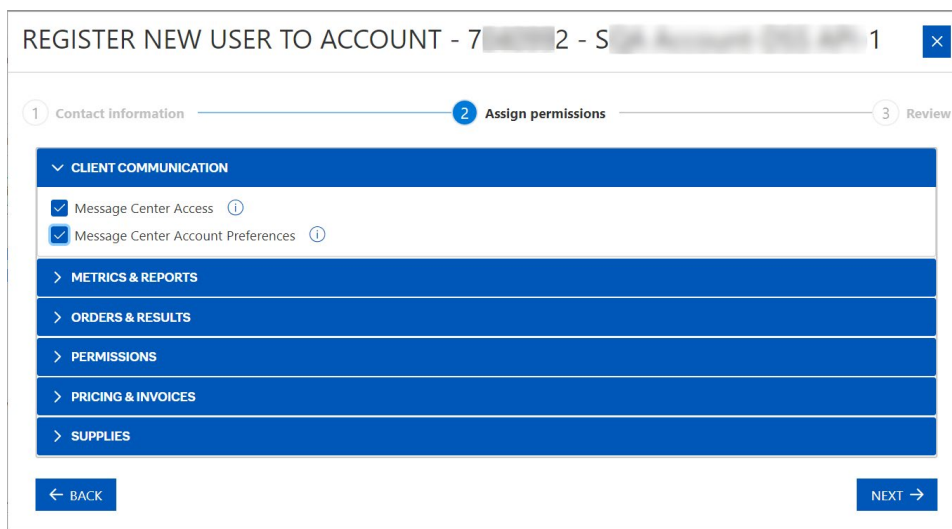

2. On the **1: Contact Information** screen, enter the user's **First Name**, **Last Name**, and **Email Address**.

Note: Permissions Manager checks to ensure that the email address is formatted correctly, but it does not check to ensure that the address is valid.

When all three fields are complete, the **NEXT** button  appears at bottom right.

3. Click the **NEXT** button.

4. On the **2: Assign permissions** screen, click the right-arrow icon  at the left of each section to expand it. Check the boxes  as needed to choose permissions for the user.

Notes:

- Click the **Information** icon  to the right of each permission name to bring up a tooltip with a description of that permission.

- You do not need to assign the user any permissions at this step. Assignments can be made later, once you have registered and added the user and they have logged in to MayoClinicLabs.com.
5. When done, click the **NEXT** button. 

To return to the previous screen, click the **BACK** button. 

- On the **3: Review** screen, review your selections.

To return to previous screens to make changes, click the **BACK** button.

Note: You can also remove permissions from the **3: Review** screen by clicking the circled **X** at the end of the permission tile. As you hover over the tile, it turns light blue (right).

- When done, click the **SUBMIT** button.

You are returned to the **PERMISSIONS** landing page. The **ADD NEW USER TO ACCOUNT** pop-up (right) appears at top right, informing you that the user has been successfully created in the Mayo Clinic Laboratories system.

✓ **ADD NEW USER TO ACCOUNT**
✕

The user has been successfully created. The user should check their inbox for an email from Mayo Clinic Laboratories, click the link to create their User Name and Password, and then login to MCL.com to complete their registration.

The user should check their inbox for an invitation email, click the link (highlighted below) to create a login on [MayoClinicLabs.com](https://www.mayocliniclabs.com), and then login to the website to complete their registration.

****DO NOT REPLY DIRECTLY TO THIS EMAIL****

You have taken the first steps in registering for the Mayo Clinic Laboratories website and establishing a business relationship with us.

To complete the process, click the following link or copy and paste it into your browser:

[https://signup.mayoclinic.org/invite/?applicationID=\[redacted\]&invitationID=\[redacted\]&invitationHash=\[redacted\]](https://signup.mayoclinic.org/invite/?applicationID=[redacted]&invitationID=[redacted]&invitationHash=[redacted])

If you need further assistance, please contact [Customer Service](#).

Thank you,

Mayo Clinic Laboratories

Notes:

- The **ADD NEW USER TO ACCOUNT** pop-up remains on the landing page until you click the **X** in its top-right corner to close it.
- The invitation email is valid for ten (10) days from delivery.
- After logging in, the user may wish to go to **My Dashboard > SETTINGS > Subscriptions** to review and edit their **Test updates/Email frequency** options.

Adding a user to an account from the BY USER tab

To add the user to a new account from the **BY USER** tab:

1. Click the **BY USER** tab (right).
2. In the **USER** search field, begin to enter the name or email address of the desired user.

Note: The user must be registered on MayoClinicLabs.com and already have access to an account that you are able to administer. If you cannot add a user to the desired account, contact [Customer Service](#).

As soon as two characters are entered, Permissions Manager begins a predictive search and returns a list of results (right).

3. Select the desired user from the list.

Note: If you enter a string of characters that can be found in only one user's name or email address into the **USER** text field, Permissions Manager brings you directly to that individual's **USER** page without requiring any selections.

The **USER** page for that user appears.

3. Check or uncheck permissions check boxes as needed for each user.

Note: Permissions for MayoLINK and Message Center require account configuration prior to usage. They will not appear in Permissions Manager until account configuration is complete and a Mayo representative has assigned you these permissions, after which the permissions will be available for you to assign to team members. If you have any questions about these permissions, contact [Customer Service](#).

Once you have made one or more changes, the **SAVE CHANGES** button  below the user information becomes active (right).

4. Click the button to save your changes.

You are returned to the **PERMISSIONS** landing page. The **Changes made successfully** pop-up (right) appears at top right.

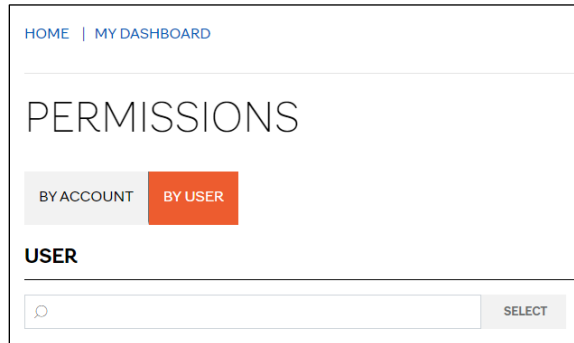

If you wish to cancel your changes on the **EDIT PERMISSIONS** page and return to the **PERMISSIONS** landing page, click the **BACK** button in your web browser.

Editing permissions by user

To change the permissions of a single user across all accounts to which that user has access:

1. On the landing page, click the **BY USER** tab. 

The screenshot shows the 'PERMISSIONS' page. At the top, there are links for 'HOME' and 'MY DASHBOARD'. Below the title, there are two tabs: 'BY ACCOUNT' and 'BY USER'. The 'BY USER' tab is selected and highlighted in orange. Below the tabs, there is a section labeled 'USER' with a search input field and a 'SELECT' button.

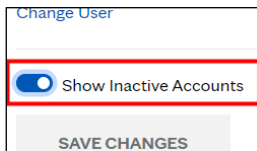

2. Find the user by following [steps 2 and 3](#) under [Adding a user to an account from the BY USER tab](#).

At the top of the [USER page for that user](#), the user's **Name**, contact information, and **Login Status** (right) are listed. If

Login Status  Inactive 253 Days

Login Status is either **Active** or **Inactive**, Permissions Manager indicates the number of days since their last login.

Below, you can click the **Change User** link  to return to the [BY USER search field](#).

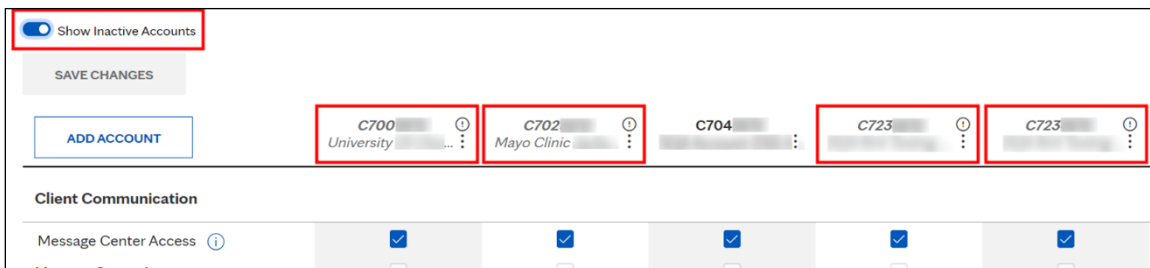

The screenshot shows the 'Change User' section. It includes a 'Change User' link, a 'Show Inactive Accounts' slider (which is currently turned off), and a 'SAVE CHANGES' button.

The **Show Inactive Accounts** slider (left) is toggled off by default. Slide it to the right  to toggle it on.

Each account to which the user has access is represented by a column of permissions check boxes. Each column header displays the account number and name.

If the **Show Inactive Accounts** slider is toggled on, columns for inactive accounts to which the user has access appear. Their numbers and names are *italicized*, and a warning icon ⓘ appears to the right of the account number.

The screenshot shows the permissions table. At the top, the 'Show Inactive Accounts' slider is toggled on. Below it is a 'SAVE CHANGES' button. The table has columns for different accounts: C700 University, C702 Mayo Clinic, C704, C723, and C723. The first two accounts are italicized and have a warning icon ⓘ. Below the table, there is a section for 'Client Communication' with a 'Message Center Access' row and a 'Message Center Account' row. The 'Message Center Access' row has checkmarks for all accounts, while the 'Message Center Account' row has empty checkboxes.

3. Check or uncheck the permissions check boxes as needed for the user.

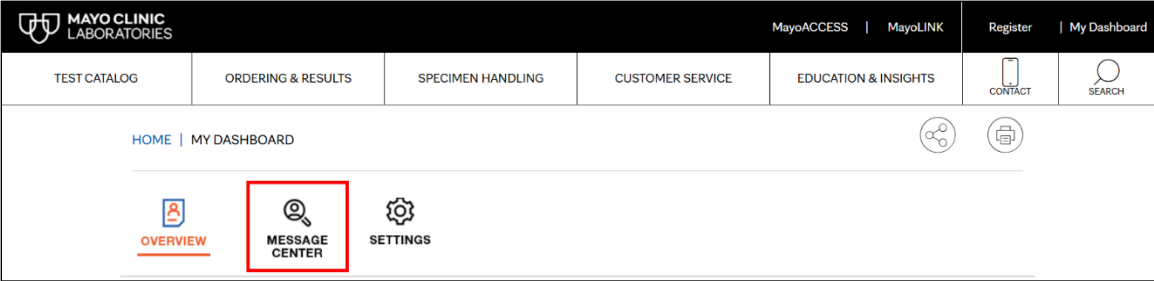

Note: Permissions for MayoLINK and Message Center require account configuration prior to usage. They will not appear in Permissions Manager until account configuration is complete

and your organization's CA has been granted access to Permissions Manager. If you have any questions about these permissions, contact [Customer Service](#).

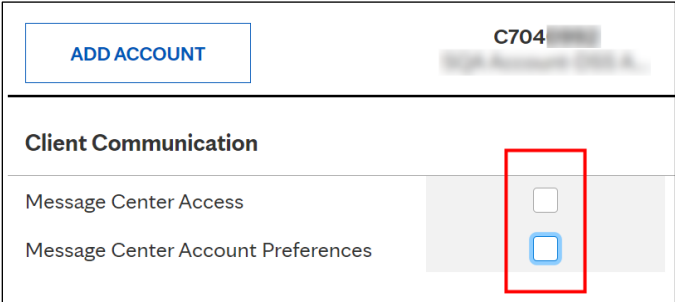

4. Click the **SAVE CHANGES** button  to save your changes.

If you wish to cancel your changes on the **EDIT PERMISSIONS** page and return to the **PERMISSIONS** landing page, click the **BACK** button in your web browser.

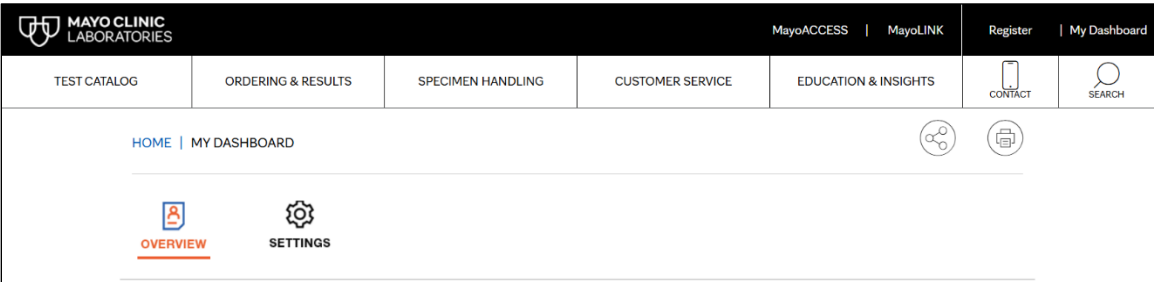

Note: When you remove a user's access to a **Dashboard** feature or application in Permissions Manager, the corresponding icon is automatically removed from the **Dashboard** when the user logs in to [MayoClinicLabs.com](#). See the example screenshots below.

Dashboard before removal of Message Center access

Message Center permissions check boxes for the user are unchecked

Dashboard after removal of Message Center access

Removing a user from an account

Removing a user from the BY ACCOUNT tab

To remove a user from the selected account from the **BY ACCOUNT** tab:

1. In the User List on the **BY ACCOUNT** tab of the **PERMISSIONS** landing page, find the user you wish to remove.

<input type="checkbox"/>		TëStiñg29, ßrimáRy10		Email Notifications Results - View, Message Center Access, ...		REMOVE
<input checked="" type="checkbox"/>		Test User, FBI Webhook				REMOVE
<input type="checkbox"/>		Testing, Transactional		Email Notifications Results - View, Message Center Access, ...		REMOVE
<input type="checkbox"/>		Testing (QA), Commercial		Notification Rules Access		REMOVE
<input type="checkbox"/>		Transactional1, Orders				REMOVE

Note: You do not need to check the user's check box. In the screenshot above, the box is checked to provide clarity on which user is being removed.

2. At the right end of the list row for that user, click the **REMOVE** link. [REMOVE](#)

The **REMOVE USER FROM ACCOUNT** dialog box appears (right), asking you whether you would like to continue removing the user.

3. To remove the user, click the **REMOVE** button [REMOVE](#) at bottom right.

To cancel the removal, click the **CANCEL** button. [CANCEL](#)

REMOVE USER FROM ACCOUNT

×

C704

You are about to remove **FBI Webhook Test User** () from this account. Once removed, this user will no longer have permissions for this account.

CANCEL

REMOVE

If you click the **YES** button, the user is removed from the User List. You are returned to the **PERMISSIONS** landing page. The **Changes made successfully** pop-up (right) appears at top right.

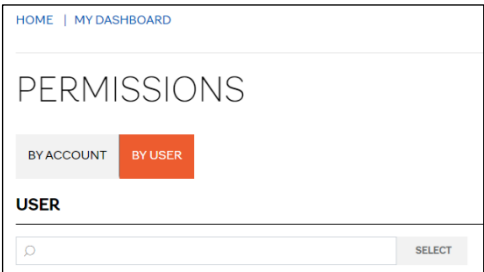

Note: This procedure removes any association between the user and the selected account, as well as any permissions the user had that were specific to that account. However, the user remains registered on [MayoClinicLabs.com](https://www.mayocliniclabs.com), and their access to other accounts is not affected.

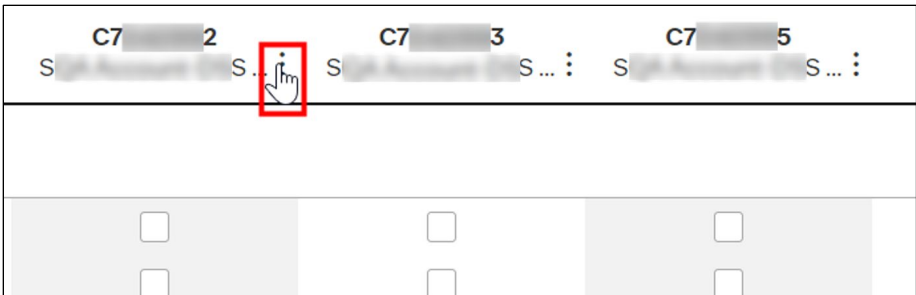

Removing a user from the BY USER tab

To remove a user from the selected account from the **BY USER** tab:

1. On the landing page, click the **BY USER** tab 
2. Find the user by following [steps 2 and 3](#) under [Adding a user to an account from the BY USER tab](#).

3. In the appropriate account column, hover over the vertical ellipsis. 

4. Select **Remove Account** (left).

The **REMOVE USER FROM ACCOUNT** dialog box appears.

5. At bottom right, click the **REMOVE** button. 

The column disappears from the **USER** page (right).

Exporting data from the User List

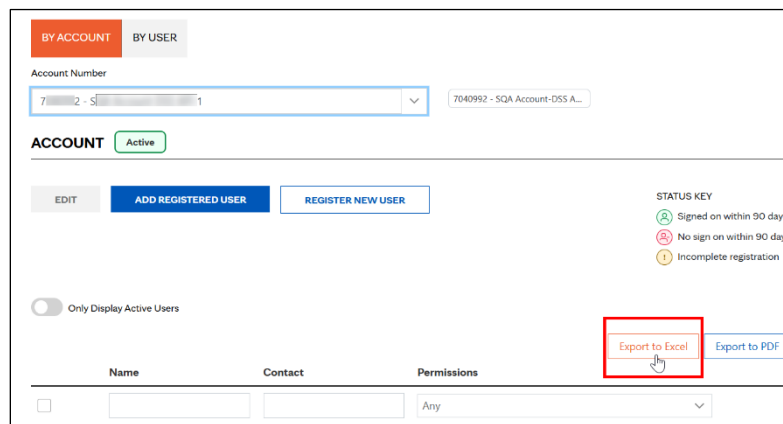

You can export data from the User List, sorted in any way you like, as:

- A Microsoft Excel (.xlsx) file.
- A PDF file, with data grouped by either permission or user.

Note: Export is limited to data in the selected account.

Exporting data to Excel

On the **PERMISSIONS** landing page, on the right just below the **STATUS KEY**, click the **Export to Excel** button.

An Excel file titled “Permissions [account number].xlsx”, containing all data currently shown in the User List, will be downloaded to your device. Below is a screenshot showing the first several columns of an example Excel file.

 A screenshot of an Excel spreadsheet titled 'Permissions C704'. The spreadsheet has four columns: 'CLIENT PERMISSIONS', 'LAST NAME', 'FIRST NAME', and 'E-MAIL'. The first row is a header row. The subsequent rows contain data for various permissions and user details. The first column lists permissions such as 'Activity Metrics - Access', 'Daily Charge Reports - Access', and 'Email Notifications Results - View'. The other columns contain corresponding user information.

CLIENT PERMISSIONS	LAST NAME	FIRST NAME	E-MAIL

Exporting data to PDF

1. On the **PERMISSIONS** landing page, on the right just below the **STATUS KEY**, click the **Export to PDF** button. [Export to PDF](#)

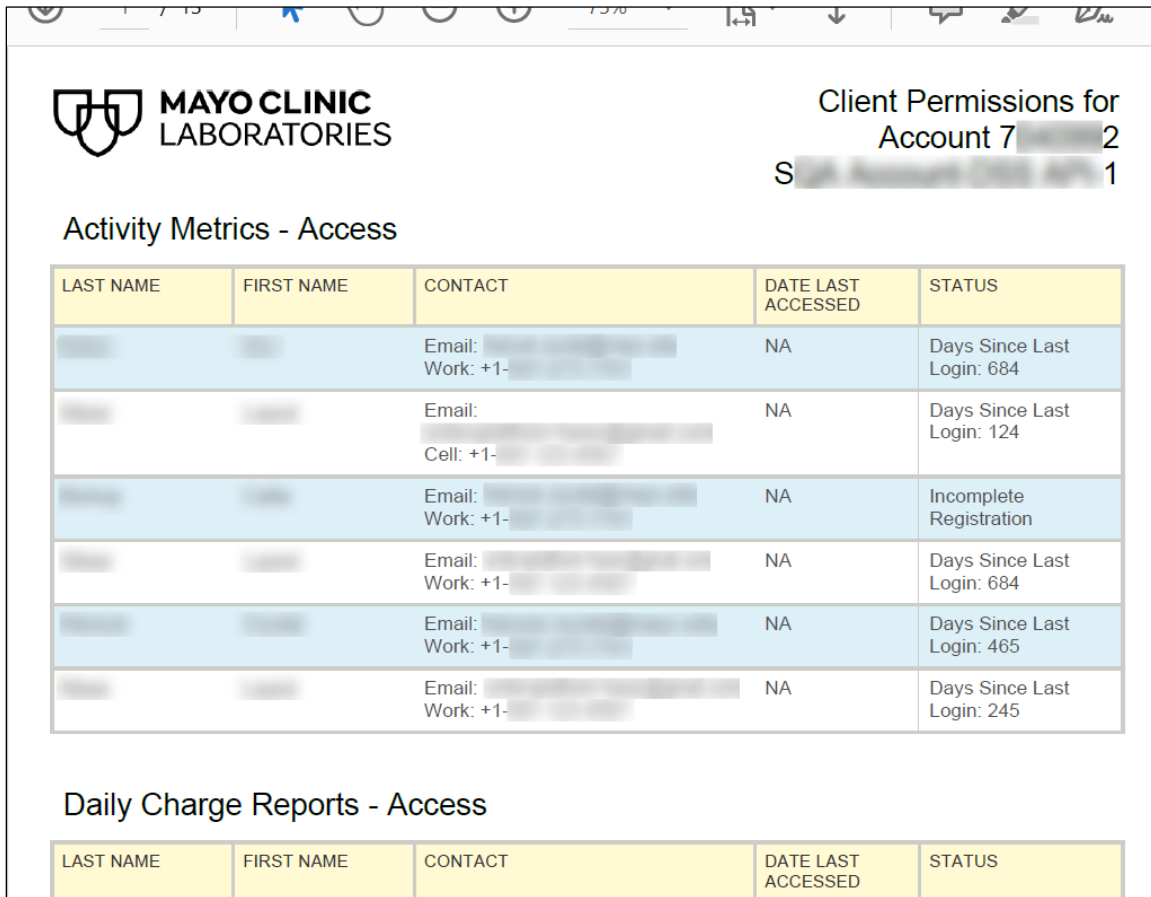

The screenshot shows the 'PERMISSIONS' landing page. At the top, there are tabs for 'BY ACCOUNT' (selected) and 'BY USER'. Below the tabs is an 'Account Number' field with a dropdown menu showing '7040992 - SQA Account-DSS A...'. To the right of the dropdown is a button labeled '7040992 - SQA Account-DSS A...'. Below the account number field is a green 'Active' button. To the right of the 'Active' button are three buttons: 'EDIT', 'ADD REGISTERED USER', and 'REGISTER NEW USER'. Below these buttons is a 'STATUS KEY' section with three items: 'Signed on within 90 days' (green circle), 'No sign on within 90 days' (red circle), and 'Incomplete registration' (yellow circle). Below the status key is a toggle switch labeled 'Only Display Active Users'. At the bottom of the page, there is a table with columns 'Name', 'Contact', and 'Permissions'. The 'Permissions' column has a dropdown menu showing 'Any'. To the right of the table are two buttons: 'Export to Excel' and 'Export to PDF'. The 'Export to PDF' button is highlighted with a red box.

2. From the drop-down menu, select either **Grouped By Permission** or **Grouped By User** (right).

The screenshot shows a drop-down menu with two options: 'Grouped By Permission' and 'Grouped By User'. The 'Grouped By Permission' option is selected and highlighted with a red box. A hand icon is pointing at the 'Grouped By Permission' option.

Depending on your selection, a PDF file titled “Permissions [account number] - By Permission.pdf” or “Permissions [account number] - By User.pdf, containing all data currently shown in the User List, will be downloaded to your device.

Below is a screenshot of an example PDF file with data grouped by permission.

Submit your feedback

Hearing from you helps us serve you better. If you would like, please tell us what you think of Message Center.

1. At bottom left of the **PERMISSIONS MANAGER** landing page, answer the question, “*Were you able to complete everything you needed in Permissions Manager?*” by clicking either the **Yes** or **No** radio button.

Were you able to complete everything you needed in Message Center? *

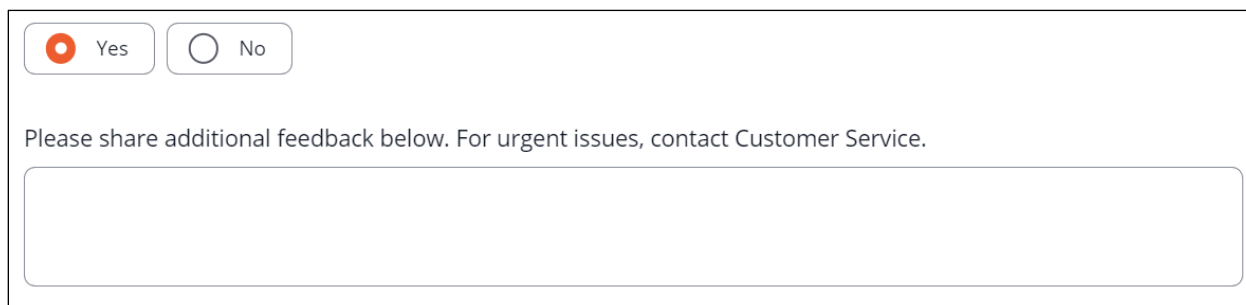

☐ Yes ☐ No

Submit

Powered by **Medallia**

The request “*Please share additional feedback below. For urgent issues, contact Customer Service*” (or, if you selected **No**, the request “*Please let us know how we can improve Message Center*”) appears, along with a text field.

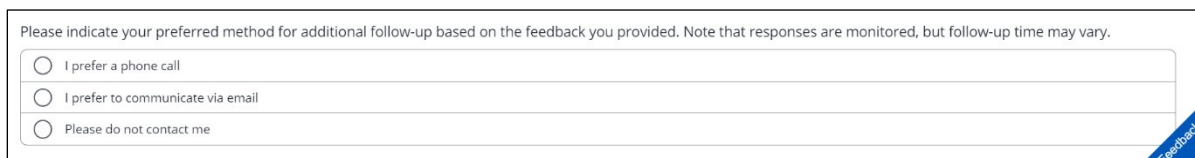

2. Enter your feedback, if any, into the text field.

☒ Yes ☐ No

Please share additional feedback below. For urgent issues, contact Customer Service.

3. Further down, select one of the three radio buttons to indicate how/whether you would prefer additional follow-up from Mayo Clinic Laboratories.

Please indicate your preferred method for additional follow-up based on the feedback you provided. Note that responses are monitored, but follow-up time may vary.

☐ I prefer a phone call

☐ I prefer to communicate via email

☐ Please do not contact me

Feedback

- a. If you select **I prefer a phone call**, the **Name** and **Phone Number** fields appear below.

Please indicate your preferred method for additional follow-up based on the feedback you provided. Note that responses are monitored, but follow-up time may vary.

The feedback section disappears.

Frequently asked questions

Q: A user is missing from the User List on the **Permissions** landing page. How do I re-add the user?

A: In some cases, if all a user's permissions have been removed, that user may be automatically removed from the account(s) in question. If this occurs, re-add them by following the instructions in [Adding a user to an account](#). If the user's permissions are subsequently removed again, they will continue to appear in the User List with no permissions.

Q: Are there any limitations on how many Client Administrators (CAs) we can have?

A: No. You can have more than one CA. To add a CA, work with [Customer Service](#).

Q: What happens if a user changes their name or email address?

A: Permissions Manager captures all user and account information found on [MayoClinicLabs.com](#) and reflects any updates made to that information.

Q: I need to change a permission listed in the **For Mayo Use Only** category for one of my users. How do I update those permissions?

A: To change **For Mayo Use Only** permissions, contact [Customer Service](#).
